01 OVERVIEW

Who we are and how we work with you

Al Afandi Services Group is an institutional services provider that facilitates and coordinates the completion of its clients' transactions in Aleppo and across Syria, to unified standards and with full transparency — bringing multiple services under one umbrella instead of dealing with several parties.

One point of contact

A single partner manages multiple services and needs for you — you always know who to reach.

A written contract per service

Scope and obligations are clear in a written contract before we begin — no vague deals.

Digital & Tech Solutions

A digital system that boosts efficiency — websites, apps, systems, and automation.

Contracting & Projects

Manage and execute construction, renovation, and fit-out projects with tight supervision and staged reports.

Financial & Advisory

Accounting, reporting, banking support, and advisory that steady your finances and protect your decisions.
